- Jon Trumbull gave a report on the Lake Perimeter Clean Up Day saying all went well. We could have used more volunteers to accomplish more. Tom Jamason from the Parks Department said we would be able to obtain official sponsorship of the lake perimeter. We all agreed in the future we need signage posted so folks know who is doing the work. Letters were written to city officials, the Tribune and the Atascadero News thanking the city for approving and co-sponsoring the event and the help of two park employees and green waste dumpsters.
- Don Lyngge updated us on the Lake Park Kiosk. They are working through the paperwork and necessary permits.
- We completed the MOU with the city
- The neighborhood yard sale will be November 8<sup>th</sup>. Please remember to contact Beverly Hillstrom [busybjh@sbcglobal.net](mailto:busybjh@sbcglobal.net) if you have an interest in participating. An informational flyer will be produced to have at the sale tables.
- Next Board Meeting will be November 18<sup>th</sup>, 6:00pm in the Pavilion.

Update on dredging by David Athey, Deputy Director Public Works: *By the way, today is the last day of lake dredging. We have exhausted our funding and contingency. The good news is we have added about 4.5 million gallons of capacity to the lake by removing approximately 22,500 cubic yards of material. It's okay to pass this on.*

We will be finishing with cleanup and erosion control this week. Now let's cross our fingers for a very rainy year.

Thanks,

David

We sincerely thank the City of Atascadero for organizing and completing this project. It is a very important step towards a sustainable Atascadero Lake.
